

KaleidaCare Solutions

KaleidaCare360™ - Executive Dashboard

KaleidaCare offers a powerful dashboard that provides a 360° view of your agency's data. You can use KaleidaCare360 to follow your agency's progress on customized goals, gauge the health and performance of your agency, and even to monitor the accuracy and quality of your agency's data. With KaleidaCare360, you can quickly get high-level, meaningful charts and statistics that are vital to your agency, such as active clients, client status changes, lengths of service, levels of care, incidents, occupancy rates, and so much more! Additionally, you can change your view to focus on various aspects of your agency or drill down to view the detailed data that comprises these statistics. KaleidaCare360 combines the latest technology with engaging, interactive reporting so you can view your data, your way. KaleidaCare360 is designed to work as a management tool – using data to bridge the gap between executive strategy and program execution. The ease of access and intuitive interface make the data relevant in a way that helps align everyone involved in the care of clients.

“Exactly the kind of tool our management team needed: The data we use to manage our agency and serve clients at our fingertips. With multiple programs in multiple cities, this will keep managers at all levels on the same page.”

– Eric Strickland, CEO, Omni Visions

KaleidaCare360 Features:

- KaleidaCare360 offers 34 reports to graphically represent client and home/facility statistics.
- Four dashboard reports are available on the home page: Active Clients, Incidents, Client Status and Occupancy. Double click on any home page report to drill down to a more detailed view of the data.
- Downloadable Reports for easy storage or sharing
- Downloadable csv data files for additional statistical review or additional data manipulation/number crunching
- Thirteen months of historical data is available, updated on a daily basis
